

Sevarg™

SP Series Hand Photocutters

- Cuts up to 51mm x 45mm, 2" x 1 3/4".
- The ORIGINAL Hand Photo cutter.
Manufactured in the UK.
- Suitable for 1000s of cuts. Ideal
for high volume mini picture
cutting.
- Smooth cutting action.
- Only weighs 410 grams.
Lightweight and easy to use.

The Sevarg SP Series Photocutters are the result of many years of successful development and sales. This easy to handle model will complement any passport or I-D system.

Designed to cut most photographic paper or film, it is ideal where small pictures are cut to a regular size; passports, key-rings and badges.

Sevarg SP cutters are manufactured from glass reinforced engineering plastics; the cutting components are hardened tool steel ground to an accuracy that will guarantee many thousands of clean cuts.

A range of standard sizes and specials are shown overleaf, custom sizes or shapes can be made to order provided the size can be accommodated within the top moulding.

SP Cutters are used for Passports, Fridge magnets & Key-rings

Custom Key-ring

SP08/R with standard
slot punch
incorporated

Custom Passport

Sevarg cutters are manufactured by Clamcleats Limited. For more information about this and our other range of cutters, contact:-

Two of the specials that we manufacture are shown above.
